

16 - 18 March 2012

Silvretta Montafon

WORLD CARVING SESSION background

The World Carving Session is a platform for all alpine snowboarders. Carvers ride together, test new material, talk shop and learn new techniques in various clinics. There still are a lot of riders infected with the alpine virus out there! This event is an opportunity to share our passion for carving, spend a fun weekend and meet like minded people.

Resort

The World Carving Session is taking place in Silvretta Montafon. The snowsure ski area Nova offers plenty of room for carving on slopes of all levels of difficulty. The World Carving Session base will be set at the top of the Sonnen Bahn.
www.silvretta-montafon.at

Highlights

- Test alpine boards from top manufacturers
- Slope closed exclusively for the World Carving Session
- Tips & tricks from experienced Pure Boarding instructors
- Race technique with 4x world champion Ursula Bruhin
- World Carving Session contest
